

### **U.S. Domestic Shipping Information**

All U.S. orders will be shipped out by UPS. We will pay UPS and will add the shipping cost to your invoice. Also you can give us your UPS account number and we can ship freight collect. Shipping cost by UPS will be about .25\$-.75\$ per bottle depends on the shipping address and the total weight. Packages arrive in 1 day to most destinations in Florida and 2-6 business to the other states.

Big orders we will ship by pallets. We have a great discount (up to 80% off) with the major freight companies like FedEx, Gold coast, JIT, AAA Cooper... It will take 1-4 business days to almost all destinations.

To ship pallets to Miami will cost you 40\$ per pallet.

### **International Shipping**

All international orders we pack on pallets. We can ship by air (takes 1 day to most countries, once the pallets are on the plane) or by ocean (will take 3-4 weeks to most destinations). We have a lot of experience and certified people to pack perfumes for international shipments. All packing materials, preparing the documents and labeling the boxes in our warehouse are at no extra charge. If we handle the shipping we will ship freight pre-paid and we will add it to your invoice. The cost for air shipments will be 3-10% of the value of your order (or can be even more on orders less than 5,000\$). The bigger the order is, the shipping cost will be less significant.

Shipping in a container (partial, 20' or 40') will be half or even 1/3 from air shipment cost, but will take much longer.

The other option is to ship your order to your freight forwarder in the US. In this case we will charge only for regular US shipping.

If there are any special packing instructions or extra documents that we need to prepare (like "Country of Origin") you have to tell us.

All extra costs like customs, taxes, additional freight from the destination airport to your location or any other cost will be your responsibility. It will better for you to check with a local broker all your extra costs for you.

If you need to ship to **Center or South America** or to the **Islands** let us know, we can help you with finding a company that can deliver the shipment to you (most countries).

If you have any other questions about the international shipping you can

Call us at **+1 (954) 635-5560** and ask for **Ron** or

Email to **info@benronperfume.com**

### Payment Information

We don't accept online payments. After you submit your order we will review it and call you to confirm the order. The next step we will prepare the shipment and when it's ready to go we will call you for the payment.

For orders in the US we accept all major credit card or we can ship COD money orders or cashier check.

**For International orders we accept only wire transfers.**
